

HIGH PIPE STAND

Easy and safe for high pipe working applications

The TAG Pipe 6ft folding jack allows a pipe fabricator to hold pipe in a safe position up to 6ft tall.

The folding design with handle allows easy transport into tight spaces and the bottom T handle locks the jack open while minimizing stand wobble.

The 6 foot jack is ideal in any location where increased height pipe fit ups are necessary but can also be used in normal height conditions when adjusted in a lower height position.
