SPECIALIZED FABRICATION EQUIPMENT GROUP

Introduction to S.F.E. Group

S.F.E. Group was founded in 2019 after the merger of three world leading OEM's in the field of pipe fabrication tooling and machinery: B&B Pipe and Industrial Tools LLC (USA), Mathey Dearman Inc. (USA) and TAG Pipe Equipment Specialists (UK). Most recently the S.F.E Group has completed the acquisition of the Axxair Group (France).

S.F.E. Group offers a wide range of products and is continuously exploring new product design and development, as well as add-on acquisitions to enhance its portfolio and to fulfil increasing industries' demands.

With offices and warehousing on 4 continents, 120 employees and more than 250 partnerships and distributors worldwide, S.F.E. Group prides itself in consistently offering the highest standard of both product quality and service to all its customers.

S.F.E. Group looks forward to welcoming you into its global network as a partner, distributor or end user customer and remains at your disposal at any time.

Introduction to B&B Pipe & Industrial Tools

The company B&B Pipe and Industrial Tools (B&B) was originally founded in Houston, Texas, USA in the 1990's, offering initially mainly the standard pipe rollers and applications, sold into petrochemical construction projects along the Texas Gulf Coast. Over the years B&B became an important player in the U.S. market.

With the merger in 2019 of B&B Pipe and Industrial Tools LLC (USA), Mathey Dearman Inc. (USA) and TAG Pipe Equipment Specialists (UK) and the recent addition in 2022 of Axxair (France) into Specialized Fabrication Equipment (S.F.E.) Group, the various product groups offered by the original manufacturers have been re-aligned and integrated into the overall S.F.E. Group product range whilst keeping their own brand identity.

Backed by nearly 30 years of development, today S.F.E. Group's B&B brand is dedicated to and covering pipe handling equipment, applications and solutions. With the B&B brand, S.F.E. Group not only wishes to highlight the focus on this particular product line, but also supply the growing demand and diverse applications in the industries that it already serves and intertwine with other product applications within S.F.E. Group.

As an OEM, S.F.E. Group prides itself being renowned for its innovations, ground-breaking developments and creative designs within the B&B product range. With its engineering capabilities, customer-oriented focus and flexibility, the B&B brand provides the possibility to design out-of-the-box pipe handling solutions to fulfil customers' projects' specific needs in particular and to cater for an ever-evolving industry in general.

The B&B brand portfolio consists of a comprehensive range of pipe purging equipment: **pipe jacks and stands**, **mega rollers and stands** and **material handling carts**.

B&B products are available from the international S.F.E. Group branches on 4 continents, as well as from S.F.E. Group's extensive and continuously expanding global network of partners and distributors.

Get in touch for any pipe handling application.

PIPE JACK AND STANDS

B&B's pipe jacks and stands are an industry standard with many units sold into the field. The jacks and stands help the pipe fabricator hold the pipe at a safe and ergonomic elevation, allowing increased productivity. Made from quality steel tube and pipe, the jacks and stands offer great value, balancing the ability to withstand the everyday abuse of job site use while being available at a very competitive price.

MEGA ROLLERS AND STANDS

B&B's mega rollers and jacks are a more robust, higher capacity line of material handling equipment than the standard line of jacks and stands. They allow increased pipe diameter capacity, as well as increased weight capacity. These mega rollers are built to last in the toughest of job site conditions.

MATERIAL HANDLING EQUIPMENT

B&B's carts and buggies consist of job site material handling carts. The Stacker Cart can be shipped and stacked on the way to the job site minimising handling and shipping costs, then fold open for use while in the field. The pipe buggy models are designed to easily transport pipes, fittings and other parts on the job site or workshop, minimising ergonomic exposure and manual handling.

PIPE JACKS AND STANDS

FIXED AND FOLDING PIPE JACKS (TRI PIPE STAND)

B&B Pipe & Industrial Tools - The pipe jacks and pipe stands are backed with over 25 years of manufacturing experience. All pipe jacks and pipe stands are rated with at least a 2:1 safety ratio that is 3rd party tested. We have made B&B pipe jacks the strongest, most durable products on the market. B&B also offers an extensive range of head options for any pipe fabrication application.

Specifications

- 2,500lbs / 1,135 kg load capacity
- Third party tested with at least a 2:1 safety ratio.
- Oversized 10" V-head for increased safety.
- Oversized square tube legs and braces for increased durability.
- 1½" ACME rod is largest in the industry.
- Quick lock washer height adjustment for easy use.
- More head options than any other manufacturer.
- Increased width stance for better stability.
- Square tube bracing offers additional strength and rigidity.
- Safety washer can be locked on to base for increased operator safety.

3900 - Folding leg pipe jack (tri pipe stand) (includes V-head)

4100 - Fixed leg pipe jack (tri pipe stand) (includes V-head)

4100 - Fixed leg pipe jack (tri pipe stand) with 90029 large V-head

DUO PIPE STAND

Heavy duty four leg height adjustable, pin lock pipe stands

The B&B Duo pipe stand accommodates pipes up to 48", is height adjustable and equipped with quick change style heads.

The Duo pipe stand has locking brakes on the wheels to secure the load for marking, layout or fit-up and is now supplied with folding legs as standard for ease of use and transport and has an ultra safe pin locking design.

**NEW
IMPROVED
PIN LOCK
DESIGN**

Features and Advantages

- Load capacity 5,290 lbs. / 2,400 kg
- Folding legs for ease of transport and storage
- Self-centering head adjustment from either side
- Height adjustable 29 - 42.5" / 74.5 - 108 cm
- 2 - 48" / 51 - 1219 mm pipe diameter capacity
- Quick height adjustment with additional fine thread for workpiece levelling
- 'Trued' wheels eliminate 'corkscrewing' of pipe during rotation
- Lockable wheels to hold pipe in position
- Safety pins to lock stand at working height
- CE conformity certified with CE mark

The Duo pipe stand utilises a fine adjustment thread. This allows precise adjustment of the working height and can compensate for uneven surfaces to ensure the pipe is level at all times.

The unique safety locking pins allow the Duo pipe stand to be fixed at various working heights.

Final adjustment and levelling can then be made with the fine adjustment handle.

Maximum:
108cm / 42.5"

Minimum:
74.5cm / 29"

DUO PIPE STAND OPTIONS

The quick change style heads increase the versatility of the Duo pipe stand. The heads can be changed without tools in a matter of seconds to adapt to almost all applications. Roller wheels are available in steel, stainless steel or phenolic version. Ball transfer heads are available in steel or stainless steel.

Simple head changeover

1. Lift quick release tab

2. Slide forward and remove

Various height holes enable the operator to fix the stand at the required working height using the safety locking pins

Self-centering adjustable heads for 2 - 48" pipe

5 LEG GIANT JACK

The B&B 5 leg giant jack is ideal for large diameter pipes (up to 36" / 920 mm) and its V-head can be equipped with multiple options.

The 5 leg giant jack can be fitted with caster wheels, allowing pipe movement.

The 5 leg giant jack is characterised by its increased steel dimensions throughout, including 1 3/4" solid ACME rod, making it the toughest on the market.

Specifications

- Urethane over steel casters with solid hub increase safety and durability.
- 5,000 lbs. capacity without wheels and casters.
- 2,500 lbs. capacity with steel wheels and urethane casters.
- Operating height with swivel casters: 32" - 44" / 82 - 112 cm
- Operating height with jack only: 24" - 36" / 61 - 92 cm
- Minimum - maximum pipe diameter 1" - 36"
- Solid 1 3/4" ACME-thread adjustment.
- 1 1/2" wide steel / phenolic wheels to reduce instances of "pipe travel".
- Can be purchased as a complete kit as shown: jack, casters, and wheels.
- Turning wheels available in steel, stainless steel, and phenolic.
- Multiple add-ons available, including stainless steel sleeves for contamination free fit-up, recommended hold down chain device for transport, ball transfer attachments for variation of pipe movement and more.

Levelling pads supplied as standard

Hold down chain device 3506 locks pipe to jack

Maximum:

SIX-FOOT FOLDING PIPE JACK

Easy and safe for high pipe working applications

The B&B Six-foot folding pipe jack is ideal for pipe holding and leveling in high places. With a top height of 72" / 180 cm tall and a bottom adjustment of 39" / 99 cm, the Six-foot jack can be used for many applications.

The Six-foot jack is foldable and can be carried with ease, fitting into tight spaces when transporting. The height adjustment is performed with a locking tube and 1½" ACME adjustment.

Specifications

- Height adjustment: 39" - 72" / 99 - 180 cm
- Weight capacity: 1,000 lbs. / 450 kg
- Extra wide 38" footprint increases stability.
- Lock washer can be fastened to base for safety.
- 1½" ACME-thread adjustment.
- Folding design allows easy access into tight work spaces.
- Bottom T-handle locks folding base into fixed position.
- Pipe diameter: 1" - 12"

UNO PIPE JACK STAND

Specialist pipe stand for low level and tight access

The UNO pipe jack stand is a basic single tubed pipe stand, simple to use and easy to set-up.

Popular for tight access jobs in power stations, submarines, refineries, etc.

A favourite for low level work in all fab shops.

Available in 4 standard heights.

Roller heads can also be fitted to the V-head of the UNO pipe jack stand to suit varying applications.

90060 - Steel wheel head

90032 - Phenolic wheel head

90000 - Ball transfer head

We can manufacture to any height with 5" / 125mm range

TRI-STAND CHAIN VICE

The B&B Tri-stand chain vice is a proven design used on construction sites around the globe.

Specifications

- Durable cast aluminium head balances lightweight and durability.
- Heavy duty hold down tightening device with replaceable jaw.
- Folding legs with chain lock.
- Leg bracing doubles as a lipped shelf for holding additional tooling and machines.
- Up to 6" pipe capacity
- Boxed and fully assembled, ready for immediate use. (box dimensions: 46" x 18" x 16")
- Heavy duty jaws
- 55" width x 35" height (working dimensions)
- 1,000 lbs. / 450 kg capacity

MEGA ROLLERS AND STANDS

MEGA ROLLER STAND - 6,000 lbs. 3 US TON

The B&B mega roller (6,000 lbs. / 2,721 kg) is a high capacity pipe roller designed for heavy duty job-site use.

Its oversized 6" x 3" wheels have an urethane over steel design, offering numerous advantages: they allow ultra smooth pipe rotation via heavy duty sealed bearings, for both steel, stainless steel and exotic alloys pipe. The unique head design also allows the removal of the wheels, transforming to a V-head stand restricting pipe rotation.

The robust construction, with its twin solid ACME rods, allows to raise and lower the headstock and wheels for precise fit-ups even under load.

All mega rollers are powder coated, have quick release axle pins, and are modular allowing additional feed wheels and casters for mega movement.

Specifications

- Weight capacity: 6,000 lbs. / 2,721 kg
- Pipe capacity: 4" - 48" / 10 - 121 cm
- Working height: 31" - 48" / 86 - 122 cm
- 6" x 3" heavy duty urethane over steel wheels with sealed bearings for smooth pipe rotation.
- Contamination free wheels are ideal for steel and exotic pipe fabrication.
- Heavy gauge steel construction throughout. These mega rollers are made for years of job-site abuse.
- Powder coated safety red for high visibility.
- Expanded foot print at 36" x 32" / 91 x 82 cm increases pipe stability.
- Modular design allows caster and feed roller additions.

OLD PART NO	NEW PART NO	DESCRIPTION	WEIGHT CAPACITY		PIPE DIAMETER CAPACITY		UNIT WEIGHT		FOOTPRINT		STANDARD HEIGHT ADJUSTMENT

MEGA ROLLER STAND - 10,000 lbs. 5 US TON

The B&B mega roller (10,000 lbs. / 4,535 kg) is a high capacity pipe roller designed for heavy duty job-site use.

Its oversized 10" x 3" wheels have an urethane over steel design, offering numerous advantages: they allow ultra smooth pipe rotation via heavy duty sealed bearings, for both steel, stainless steel and exotic alloys pipe. The unique head design also allows the removal of the wheels, transforming to a V-head stand restricting pipe rotation.

The robust construction, with its twin solid ACME rods, allows to raise and lower the headstock and wheels for precise fit-ups even under load.

All mega rollers are powder coated, have quick release axle pins, and are modular allowing additional feed wheels and casters for mega movement.

Specifications

- Weight capacity: 10,000 lbs. / 4,535 kg
- Pipe capacity: 4" - 60" / 10 - 152 cm
- Working height: 25" - 35" / 63 - 88 cm
- 10" x 3" heavy duty urethane over steel wheels with sealed bearings for smooth pipe rotation.
- Contamination free wheels are ideal for steel and exotic pipe fabrication.
- Heavy gauge steel construction throughout. These mega rollers are made for years of job-site abuse.
- Powder coated safety red for high visibility.
- Expanded foot print at 36" x 52" / 91 x 132 cm increases pipe stability.
- Modular design allows caster and feed roller additions.
- Four side fork lift access.

MEGA ROLLER STAND - 15,000 lbs. 7.5 US TON

The B&B mega roller (15,000 lbs. / 6,803 kg) is a high capacity pipe roller designed for heavy duty job-site use. This mega roller is built on the same platform as the 10,000 lbs. roller, but has an increased headstock width and two additional wheels added.

Its oversized 10" x 3" wheels have an urethane over steel design, offering numerous advantages: they allow ultra smooth pipe rotation via heavy duty sealed bearings, for both steel, stainless steel and exotic alloys pipe. The unique head design also allows the removal of the wheels, transforming to a V-head stand restricting pipe rotation.

The robust construction, with its twin solid ACME rods, allows to raise and lower the headstock and wheels for precise fit-ups even under load.

All mega rollers are powder coated, have quick release axle pins, and are modular allowing additional feed wheels and casters for mega movement.

Specifications

- Weight capacity: 15,000 lbs. / 6,803 kg
- Pipe capacity: 4" - 60" / 10 - 152 cm
- Working height: 25" - 35" / 63 - 88 cm
- Four 10" x 3" heavy duty urethane over steel wheels with sealed bearings for smooth pipe rotation.
- Contamination free wheels are ideal for steel and exotic pipe fabrication.
- Heavy gauge steel construction throughout. These mega rollers are made for years of job-site abuse.
- Powder coated safety red for high visibility.
- Expanded foot print at 36" x 52" / 91 x 132 cm increases pipe stability.
- Modular design allows caster and feed roller additions.
- Four side fork lift access.

MATERIAL HANDLING EQUIPMENT

PIPE CART

The B&B Pipe cart is a six wheeled, low height, narrow width cart that is strong enough to carry 2,000 lbs. / 910 kg, but agile enough to turn and fit through doorways with ease.

The push handles and V-block can be unassembled and stored in seconds when not in use.

If you remove the V-block attachment from the cart you have a 2,000 lbs. / 910 kg cart capable of moving just about anything within rated capacity.

The carts can be stacked for shipment and storage, and the casters ship assembled to the cart ready for use.

PART NO 2015-6F

2,000 lbs. / 910 kg capacity!

Specifications

- Transports pipe up to 24 foot / 750 cm in length.
- Pipe capacity: up to 36"
- 6 wheels ideal for workshop transportation
- Removable V for squares and flats.
- Removable handles for stacking and storage.

PART NO 2015-6F - Folds and stacks

BABY PIPE BUGGY

The B&B Baby pipe buggy is designed to help move pipe, fittings and other items with ease. Great for use in construction projects around the world, the B&B Baby pipe buggy ships in a cardboard box with 5 minute assembly of wheels and handle.

16" tires can move up to 1,000 lbs. / 453 kg payload and up to 12" diameter pipe.

The B&B Baby pipe buggy is shipped with a hold down strap.

Specifications

- Transports pipe up to 20 foot / 610 cm in length
- 1,000 lbs. / 453 kg capacity
- Carries up to 12" diameter pipe, fittings, packages, and more
- Comes with hold down strap

Note: Flat free tires are standard.

Customer service

We work extremely hard supporting and training our team of employees and network of partners and distributors to ensure that from The S.F.E. Group you always receive the:

- Fastest response times
- Quickest delivery times
- Most knowledgeable and accurate advice
- Committed after sales support

Level of stock

S.F.E. Group carry an unrivalled stock level, meaning no matter how large your order we expect to offer you the fastest delivery time available worldwide.

Price

You will find our pricing to be very competitive. Give us an opportunity to quote your next project and we are confident you will be pleased! For your convenience we offer our products in the three major currencies: US Dollar, Euro and GB Pound.

Research and development

Technology is always improving. At S.F.E. Group we firmly intend to move with the times and to be the innovators in our industry with a dedicated team of designers and technicians devoted to improving our existing products as well as innovating the next generation of pipework machinery and tools. All user feedback is passed onto the R&D department to ensure our machines are developed to meet all end user needs. We often hold meetings with customers to ensure the package provided meets all their requirements including custom made machines.

Production, assembly and quality control

S.F.E. Group is proud to offer the highest quality of components manufactured wholly in Europe/USA. All our machines are assembled in our facilities and undergo vigorous testing and quality control, which is backed by our products being CE Certified, having Certificates of Conformity, Certificates of Origin and our company being ISO9001 accredited.

Demonstrations, training and exhibitions

We love to show off our products unrivalled performance and are always happy to carry out demonstrations either in our showroom facilities or at your site. In addition we understand the importance of the correct operation of our machinery and tools, so also offer training packages in our training facilities or at your site ensuring safe, efficient and accurate operation. We also participate in all the relevant world wide exhibitions. We also have extremely detailed user manuals and instructional videos.

Rental division

The S.F.E. Group operates a full, worldwide hire and rental service in cooperation with and supported by its selected and specialized rental partners. S.F.E. Group continuously keeps expanding its rental activities, rental fleet and network and prides itself keeping its renting equipment up to date in order to provide the best possible quality, performance and reliability. S.F.E. Group invites you to share your rental enquiry and will tailor the matching solution to your needs.

**Please contact your local S.F.E. Group branch for all enquiries.
